Section 1. General Information

A. DASNY Description

The Dormitory Authority of the State of New York (“DASNY”) is a public benefit corporation of the State of New York empowered by Titles 4 and 4-B of the Public Authorities Law (the “Act”), to provide design and project management services and issue bonds, notes and other obligations for a wide variety of public purposes. DASNY is governed by a Board consisting of the Commissioner of the Department of Health, the Commissioner of the State Education Department, the Director of the Division of Budget, the State Comptroller or a representative appointed by the State Comptroller, a representative appointed by the Assembly Speaker, a representative appointed by the Temporary President of the Senate, and five members appointed by the Governor with the consent of the Senate.

Under the Act, DASNY provides a multitude of services in various forms in connection with the design, construction and financing of capital facilities for State University of New York, including dormitories and educational facilities; City University of New York Senior Colleges; Community Colleges; Boards of Cooperative Educational Services (BOCES); Cities and Counties with respect to Court Facilities and Municipal Health Facilities; the Department of Education of the State of New York and a number of other State and local governmental entities, including among others, school districts, 853 Schools, Special Act Schools, the Department of Mental Health and its facilities. DASNY also provides services primarily regarding the issuance of debt to independent colleges and universities, facilities for the aged, not-for-profit hospitals and nursing homes as well as a wide variety of other not-for-profit organizations specifically described in the Act. DASNY issues State-supported debt through the Personal Income Tax (PIT) Revenue Bond Program as well as the Sales Tax Revenue Bond Program. DASNY is one of five statewide entities authorized to issue State-supported debt through the Personal Income Tax Revenue Bond Program and one of three statewide entities authorized to issue Sales Tax Revenue Bonds.

DASNY is one of the largest issuers of tax-exempt debt in the nation and currently has several hundred series of tax-exempt and taxable bonds outstanding with a total par value of approximately \$59.6 billion as of March 31, 2022. During fiscal year 2021-22, DASNY sold 16 bond issues totaling \$9.0 billion. Of the \$9.0 billion issued last fiscal year, \$875 million was issued on behalf of health care, higher education and not-for-profit clients and \$8.1 billion was issued for public issuances including State-Supported debt. Major programs include the following:

State Supported Debt:

Personal Income Tax Revenue Bonds: The Personal Income Tax Revenue Bond Program was enacted to reduce the State’s borrowing costs by improving the marketability and creditworthiness of State-supported bonding obligations and to reduce administrative costs by consolidating the issuance of multiple programs. The PIT Revenue Bond Program is one of the primary financing vehicles for a broad range of capital projects including projects for the State University of New York Educational Facilities; the City University of New York; the Office of Mental Health; the Office of Persons with Developmental Disabilities; the Office of Alcoholism and Substance Abuse Services; Upstate Community Colleges; the Court Officers Training Academy; Library Facilities; the State Education Department, the Department of Transportation, the Department of Environmental Conservation and the Office of Parks Recreation and

Historic Preservation. In addition, various grant programs are financed with PIT Revenue Bonds.

Sales Tax Revenue Bonds: The Sales Tax Revenue Bond Financing Program is one of the primary financing vehicle for a broad range of capital projects including projects for the State University of New York-Educational Facilities; the City University of New York; the Office of Mental Health; the Office for People with Developmental Disabilities; the Office of Alcoholism and Substance Abuse Services; Upstate Community Colleges; the Court Officers Training Academy; Library Facilities; the State Education Department, the Department of Transportation, the Department of Environmental Conservation and the Office of Park Recreation and Historic Preservation. In addition, various grant programs may also be financed with the Sales Tax Revenue Bonds.

Other Public Programs:

State University Dormitory Facilities: State University Dormitory Facilities Revenue Bonds are issued to finance construction and rehabilitation projects for the system of universities and colleges of the State University of New York (SUNY). The bonds are secured by room rents, fees and charges.

Workers Compensation Program: DASNY has statutory authorization to work with the Workers Compensation Board ("WCB") and issue bonds to address liabilities associated with the cost of funding certain workers compensation claims. Any bonds DASNY issues for these purposes are secured by annual assessments required to be paid by all NYS employers. The assessments are levied by the WCB to fund its cash flow needs and to fund certain funds and programs administered by the Board. However, the assessments are first used to pay debt service on DASNY bonds.

School Districts: Chapter 383 of the Laws of 2001, which became law on October 29, 2001, changed the methodology through which State Building Aid is paid to public school districts. In the past, Building Aid was based on the actual debt service incurred by school districts in connection with their projects. Chapter 383 more closely aligns the disbursement of Building Aid with the useful life of the assets financed by school districts, subject to statutory restrictions, and, for most school districts that elect not to finance their projects through DASNY, uses an assumed interest rate to compute the amount of aid payable. DASNY's current School Districts Revenue Bond Financing Program is designed to provide public school districts across New York State with an efficient financing alternative in light of the current methodology used to reimburse school districts for the cost of capital projects through State Building Aid. DASNY offers pooled financings as demand warrants throughout the course of the calendar year.

Board of Cooperative Educational Services (BOCES): Board of Cooperative Educational Services (BOCES) programs offer advantages of specialization and economies of scale. Through cooperative bidding and purchasing services offered by BOCES to school districts, school business managers take advantage of buying through sophisticated networks so they can save both time and money. Section 1689 of the Public Authorities Law (the "Act") authorizes DASNY, upon application from a BOCES, to construct, acquire, reconstruct and furnish and equip school facilities. In addition, pursuant to the Act, DASNY is authorized to issue bonds and notes to obtain funds for the purposes of Section 1689.

Conduit Programs:

Independent Colleges and Universities Revenue Bonds: Independent colleges and universities revenue bonds are issued to finance the construction and renovation of facilities for private, nonprofit colleges and universities.

Health Care Revenue Bonds: Health care revenue bonds are issued to finance the construction and renovation of facilities for health care institutions including nonprofit hospitals, nursing homes, facilities for the aged, long-term health care facilities and municipal health facilities.

Independent Institutions Revenue Bonds: Bonds are issued to finance the construction and renovation of facilities for certain institutions that are authorized by statute.

B. Purpose

DASNY expects to sell bond issues through the Personal Income Tax Revenue Bond Program and the Sales Tax Revenue Bond Program during the term of this engagement.
